IMPORTANT: Danco 3 & 4 car carriers should be mounted on chassis with low profile cabs and a minimum FAWR 12,000 lbs. for the upper cab carrier. Gross vehicle rating limitation must be considered. Ratings are based on structural factors only, not chassis capacity. Danco's body ratings are based on a water level capacity. Danco specifications shown are approximations and may vary depending on chassis selected. Prices and product specifications are subject to change without notice. Consult with state and local laws for the maximum vehicle lengths allowed. Optional equipment may be shown in photographs and may not be part of the standard package. Optional upgrade prices not included in standard pricing. See dancoproducts.com for a more complete list of specifications. * Optional upgrade prices not included in standard pricing. All prices are installed, Freight on Board Greencastle, PA
